2009 Labeling & Pre-pricing Service

Millcreek Gardens LLC offers a labeling and pre-pricing service for our retail garden center customers, in addition to our **BARCODED** plant tags. With this service, we will apply pre-printed stake labels or pre-printed stickers to your orders before shipment. The benefit for the garden center customer is that the pre-priced plants may be placed directly onto the sales benches from our delivery truck, with no extra time needed for pricing. This service will also free employees at the garden center from having to price the plants, thus enabling them to tend to other tasks.

Requirements

- You must notify us that you want to utilize our Labeling & Pre-pricing Service when placing your order.
- You must provide the pre-printed labels to us well in advance of your shipment, and provide your retail pricing corresponding to our price codes. We will store the labels, and provide notification when inventories are low.
- If using pre-printed stickers, we recommend the use of "All Weather" stickers. These stickers attach to the pots much better than other stickers when moisture is present. We prefer stickers that are in rolls rather than on a sheet. Contact The John Henry Co. at (800) 378-7535, or call us here at Millcreek Gardens for information regarding these stickers.

Terms and Conditions

- The price for the Labeling Service is charged **per pot**.
 - For **Stake Labels** applied to any of our pots, the charge is \$.12 per pot.
 - For **Stickers** applied to our 1-Gallon Impact Perennials, 1.6 Gallon Perennials and 2-Gallon Grasses, the charge is \$.12 per pot.
 - For **Stickers** applied to any pots in flats, the charge is \$.18 per pot.
- We calculate the total cost for labeling the shipment by multiplying the number of pots labeled on the order by the applicable labeling charge. This charge will be noted on the Invoice as "Labeling Service". Quantity discounts do not apply to the Labeling Service.
- When providing the Labeling Service, we will do our utmost to assure that the proper labels will be on the plants. However, we cannot be liable for any amount greater than the Labeling Service charge on that invoice if the incorrect labels are applied.
- The Labeling Service charge will be in addition to any other Special Handling Charges that may also apply, such as charges for broken flats, turning pots in the flat, etc.
